## Natural Gas Supply Disclosure Statement (v. 2023-09-06)

This is an agreement between Symmetry Energy Solutions, LLC (“Symmetry”), an independent energy supplier, and the undersigned customer (“Customer”) under which Customer shall obtain natural gas supply service and begin enrollment with Symmetry (the “Agreement”). Symmetry is licensed by the Pennsylvania Public Utility Commission to offer and supply natural gas supply in Pennsylvania. Our PUC license number for natural gas supply is 1226013.

Your natural gas commodity / supply prices and charges will be set by Symmetry. The Public Utility Commission regulates natural gas distribution prices and services. You will receive a single bill from your Natural Gas Distribution Company (NGDC) that will contain the NGDC’s charges and Symmetry’s charges for natural gas supply. Your NGDC will continue to provide all emergency repairs and services. Symmetry is not affiliated with and does not represent your NGDC.

Right of Rescission. You may cancel this Agreement at any time before midnight of the third business day after receiving this disclosure statement by contacting Symmetry at 1-888-200-3788 or by email at [customerchoice@symmetryenergy.com](mailto:customerchoice@symmetryenergy.com).

### Definitions

Commodity Charges: The charges for the natural gas product which is sold either in cubic feet or dekatherms.

Nonbasic Charges: Not applicable to Symmetry.

**1. AGREEMENT TO SELL AND PURCHASE ENERGY:** Subject to the terms and conditions of this Agreement, Symmetry agrees to sell and deliver, and Customer agrees to purchase and accept the quantity of natural gas, as estimated by Symmetry necessary to meet Customer’s requirements based upon consumption data obtained by Symmetry or the delivery schedule of the NGDC. Symmetry is not affiliated with and does not represent the NGDC. The amount of natural gas supplied under this Agreement is subject to change based upon data reflecting Customer’s consumption obtained by Symmetry or the NGDC’s delivery schedule. The NGDC will continue to deliver the natural gas supplied by Symmetry

**2. TERM:** The term of this Contract and the price for natural gas for the term of this Contract are set forth in your GFL or Confirmation Letter. For new Symmetry customers, your service under this Contract will begin on the first available billing month, as set by your utility, after successful enrollment with Symmetry and will continue from that date for the term of your Contract. For existing Symmetry customers, your service under this Contract will begin on the first available billing month following the utility’s acceptance of the price plan change. For fixed-term products, Symmetry will provide a 60 day written notice prior to contract expiration. For all products, unless you authorize a new contract with Symmetry or your service with Symmetry is terminated, at the expiration of your Contract your natural gas service will continue with Symmetry on a Variable Price month-to-month product, cancellable at any time without penalty. Contract expiration notices are not applicable for month-to-month variable rate products.

**3. PRICING AND FEES:** Your monthly natural gas bill will be calculated by multiplying the price of natural gas per usage unit (e.g. Therm, Ccf, Mcf) by the amount of natural gas used during the billing cycle, as measured or estimated by your utility. The price is for supply charges only and does not include, and you are required to pay, your utility’s delivery service charges, customer charges, all other applicable charges and taxes. For the term of this Contract, you agree to pay all amounts that are charged by Symmetry consistent with this Contract. We may charge a fee for early cancellation of your Contract (Early Termination Fee). Such Early Termination Fee will be set forth in your GFL. If you change your

natural gas supplier more than once during a 12 month period, your utility may apply a \$10 switching fee. If you return to your utility after switching to an AGS, you may or may not be served under the same rates, and will be required to stay with the utility for 12 months.

For Fixed Price products, the rate will remain the same for the duration of the Initial Term indicated in the GFL and the rate charged will not fluctuate with different usage levels. Following the Initial Term, your service will continue on a Variable Price month-to-month plan as described in this General Terms and Conditions.

For Variable Price products, the customer's service will be provided for or continue on a month-to-month basis, cancellable at any time without penalty. The rate may remain the same or may change based on Symmetry's assessment of gas supply costs including, but not limited to, applicable market conditions, historical costs, and future cost projections. Specific costs that may be considered include, but are not limited to, transportation, fuel, storage, pooling fees, balancing, and basis. For example: If Symmetry purchases gas at \$5.00 per Mcf and creates an adder of \$0.99 per Mcf (based on factors similar to the factors identified above), then the cost to you would be \$5.99 per Mcf. If the adder is \$1.99 per Mcf, then the cost to you would be \$6.99 per Mcf. The rate indicated on your Confirmation Letter is the rate at the time your Confirmation Letter is created and may or may not be the monthly rate you pay based on your service start dates on the Variable Price.

For Index Price products, the rate for the Initial Term is based on the index specified in the GFL price plus the fixed adder listed in the GFL. Symmetry shall determine the date, each month, for which the index shall be used to calculate your Index Price. For example, if the Index used is NYMEX and the NYMEX priced on the date used to determine monthly pricing is \$4.00/MCF, and the Fixed Adder is \$1.00 per MCF, then the Index Price will be \$5.00/Mcf.

For Managed Price products, the rate may remain the same or may change during the Initial Term indicated in the GFL. The rate is based on Symmetry's assessment of gas supply costs including, but not limited to, applicable gas hedges, market conditions, historical costs, and future cost projections. Specific costs that may be considered include, but are not limited to, transportation, fuel, storage, pooling fees, balancing, and basis. For example: If Symmetry purchases gas at \$3.50 per Mcf and creates an adder of \$0.70 per Mcf (based on factors similar to the factors identified above), then the cost to you would be \$4.20 per Mcf. If the adder is \$1.00 per Mcf, then the cost to you would be \$4.50 per Mcf. The rate indicated on your Confirmation Letter is the rate at the time your Confirmation Letter is created and may or may not be the monthly rate you pay based on your service start dates on the Managed Price.

The price and adders used in this section are for example only, and do not necessarily reflect the actual purchase price and/or actual adder during the term of your contract.

**4. ASSIGNMENT:** Customer may not assign its interests in and delegate its obligations under this Agreement without the express written consent of Symmetry. Symmetry may sell, transfer, pledge, or assign the accounts, revenues, or proceeds hereof, in connection with any financing agreement or receivables purchase program, and may assign this Agreement to another energy supplier, energy services company or other entity as authorized by the PA PUC. If the contract is assignable, Symmetry shall inform the Customer of this and prior to any contract assignment, Symmetry will provide notice to the Customer with the name of the new NGS, the contact information for the new NGS, and the estimated month and year that the assignment is expected to occur. Contract terms and conditions will remain unchanged.

**5. INFORMATION RELEASE AUTHORIZATION:** Customer authorizes Symmetry to obtain and review information

regarding Customer's credit history from credit reporting agencies and standard information that is made available to suppliers from your NGDC. This information may be used by Symmetry to determine whether it will commence and/or continue to provide energy supply service to Customer and will not be disclosed to a third party unless required by law. Symmetry will maintain the confidentiality of the customer's personal information including name, address, phone number, usage, and payment history as required by applicable PUC regulations and Federal and State law. Symmetry will not release the customer's private confidential information to a third party without the customer's express consent. This authorization will remain in effect during the Initial Term and any Renewal Term. Customer may rescind this authorization at any time by providing written notice thereof to Symmetry or by calling Symmetry at 1-888-200-3788. Symmetry reserves the right to cancel this Agreement in the event Customer rescinds the authorization.

**6. CANCELLATION:** A residential customer may cancel this Agreement at any time by contacting Symmetry at 1-888-200-3788 or by email at [customerchoice@symmetryenergy.com](mailto:customerchoice@symmetryenergy.com). If you cancel this agreement you will owe us for amounts unpaid up to the date of cancellation. Symmetry may cancel this agreement at any time upon providing 30 days advance written notice to Customer. Common reasons for Symmetry to cancel this agreement would include:

Non-Payment – If your natural gas service is terminated by your NGDC, then this agreement is cancelled on the date that your natural gas service is terminated. You will owe us for amounts unpaid for our charges for natural gas supply service up to the date of termination by your NGDC.

Company-Initiated Cancellation – If we cancel this agreement for any reason other than for customer non-payment, we will follow applicable rules in providing notice to you.

Customer-Initiated Cancellation – If you cancel this agreement before the end of the initial term, you will owe us for amounts unpaid up to the date of cancellation and we will charge the early cancellation fee mentioned herein.

Customer Move – If the customer moves from the address listed above, this agreement is cancelled.

**7. AGREEMENT EXPIRATION/CHANGE IN TERMS:** If you have a fixed duration contract approaching the expiration date, or whenever we propose to change the terms of service, you will receive two separate written notifications, the first approximately 60 to 75 days in advance and the second 45 days in advance of either the expiration date or the effective date of the proposed changes. These notifications will explain your options going forward.

**8. FINAL BILL:** Customer acknowledges that in the event of a cancellation of this Agreement it may take several billing cycles for Customer to return to the NGDC or another supplier for supply service. Customer is liable for all Symmetry charges until Customer returns to the NGDC or goes to another supplier. A final bill will be rendered by the NGDC after the final scheduled meter reading or if access is unavailable, an estimate of consumption will be used in the final bill, which will be trued up subsequent to the final meter reading.

**9. AGENCY NATURAL GAS:** Customer hereby designates Symmetry as agent to; (a) arrange and administer contracts and service agreements between Customer and Symmetry and between the interstate pipeline transporters; and (b) nominate and schedule with the interstate pipeline for the delivery of Customer's natural gas supplies to the Delivery Points, and with the NGDC for the transportation of Customer's natural gas supplies from the Delivery Points to the Customer's end-use premises; and (c) aggregate Customer's natural gas supplies with such supplies of other customers served by Symmetry to maintain qualification for NGDC transportation service and resolve imbalances that may arise during the terms of this Agreement.
